DEPARTURE 12th SEPTEMBER 2027

WEEXPLORED

MEET YOUR HOST DEANNA WESTLAND

Travel has been part of my story since I was 18, when I first stepped beyond the familiar and discovered the freedom that comes from exploring the world on my own terms. Sometimes solo, sometimes alongside others, every journey has taught me something new about different cultures, about people, and about myself.

One of the greatest gifts travel has given me is the ability to slow down and truly experience a place. I've always been drawn to adventure and active travel. I believe the best way to understand a destination is often on foot, following trails, climbing mountains, and discovering landscapes far beyond the usual tourist paths.

From trekking in Nepal and exploring the wilderness of Alaska, to hiking through Japan, New Zealand, Thailand, Spain and France, these experiences have shaped the way I travel. The memories that stay with me aren't just the places I've seen, but the moments along the way, the conversations with locals, the unexpected challenges, and the feeling of standing somewhere completely new.

Community has always been at the heart of what I do. For 12 years, I owned and operated my own fitness business, building a supportive community of strong, like-minded women who encouraged one another to step outside their comfort zones and achieve things they never thought possible. Today, I work as a Health and Lifestyle Coordinator in the FIFO industry while continuing life on the road with my partner, travelling Australia and sharing our passion for adventure through 4WD and camping shows with Wildtrak.

For me, travel has never been about simply ticking countries off a list. It's about the stories, the people, the landscapes and the experiences that challenge us, inspire us and leave us seeing the world a little differently.

Hosting with WeExplored is about sharing that passion, creating an experience where guests don't just visit Italy, but connect with it. From the landscapes and traditions to the food, stories and friendships made along the way, my hope is that every traveller leaves with more than just photos, they leave with memories and connections that last long after the journey ends.

This path winds its way through unique scenery and boasts unrivalled views of the coast. Walk through forests and fields of wild flowers, past ancient stone huts and beside sheer walls of granite. Glimpse local farmers tending their crops by hoe and elbow grease, herds of goats feeding beside the trail beside their shepherds and teams of workmen commuting by mule. By late morning, you'll reach Vallone di Grarelle, then continue to the hamlet of Nocelle – a picturesque village above Positano. Walk through the village to the Montepertuso Crossing – a deep gorge with limestone walls. From Montepertuso you'll walk down the old steps, through olive groves and vineyards, to Positano. Continue to Amalfi by boat and take in the gorgeous scenery from a different viewpoint.

As you approach, you'll be welcomed by cliffs and crashing blue seas (don't forget your camera!). When you arrive in Capri, head out for a walking tour of all the local sights, then take a circuit walk passing Villa Jovis (the ruins of the most impressive Roman villa on the island, once home to Emperor Tiberius), a historic monastery and the winding alleyways of the village of Capri. Follow the untouched coastline and many impressive grottos (take some time to dip your feet in the water – the best way to cool off). Day 6

17th of September - Minori

Meals Included: Breakfast

This morning, you'll hike to the village of Pontone through the Scala di Pontone (the Stairway of Pontone). This staircase is part of the network of paths that crisscross the Amalfi Coast, providing access between the coastal towns and the hillside villages. Once in Pontone, continue through the Valle del Dragone (Dragon Valley), characterised by its expansive views of the Mediterranean Sea. This valley is known for its dramatic landscapes, including steep cliffs, deep gorges and waterfalls.

The lush vegetation, including olive groves, lemon orchards and Mediterranean scrub, adds to the beauty of the area. The name is said to come from the winding shape of the valley, which resembles a dragon's tail. After some time to refuel, head back to Amalfi and hit the beach for a kayaking experience along the coastline. Paddle along the coast towards Santacroce – a small but gorgeous beach where you can grab an aperitif before paddling back. Tonight you might like to enjoy a farewell dinner with your local leader to cheers to an amazing adventure.
